SPRING FEBRUARY 1st 1945
Prices Subject To Change Without Notice

WHOLESALE LIST—TO THE TRADE ONLY

Terms—Cash in advance, unless satisfactory arrangement is made before shipment. **Five Per Cent**—5% discount allowed if remittance accompanies order. **Boxing additional at cost.** (See below). 2% discount if paid within 10 days from date of invoice; otherwise list prices are net 30 days. Six per cent will be charged on overdue accounts.

Overdue accounts subject to sight draft.

All orders booked subject to prior sale.

BOXING AT COST.—On cash in advance orders, sufficient allowance should be made for boxing. Otherwise shipments will go out with these charges collect. Shipments travel at purchaser's risk.

RATES—1 to 24 at 10 rates; 25 to 199 at 100 rates; 200 or more at 1000 rates. Perennials excepted.

Evergreen Seedlings and Transplants in less than 25 each lots at 20% advance.

GUARANTEE—No complaints honored unless made in writing within 10 days after receipt of goods. All material to be in A-1 condition when shipped. No guarantee given as to growth of material.

LOCATION—We are located in Fairview Boro in the fertile garden belt, two miles from Lake Erie, and twelve miles west of Erie, in Northwestern Pennsylvania. Route U. S. 20, "The Yellowstone Trail", touches the corner of our nurseries which include 300 acres.

Fairview is the halfway mark between Cleveland, Ohio, and Buffalo, N. Y., and 60 miles east of the Nursery Center of Painesville, Ohio. It is also the closest point of contact between Pittsburgh, Pa., and Lake Erie.

We are not in the Japanese Beetle Quarantine Zone.

WE EXTEND YOU A HEARTY INVITATION TO COME AND SEE OUR STOCK
Sunday Business Not Transacted.

Evergreen Seedlings

Due to good growing conditions and special soil preparation of seed beds, we have a heavy grade of seedlings to offer. War conditions have shortened or stopped the seed crops. We would urge that you plant seedlings and have your own transplants when you need them. They are not being planted as usual and after the war will be an extremely short item.

Evergreen Transplants for Lining Out

Our transplants will please you. They are growing on gravelly soil with plenty of space for development. This assures both a good top and root system.

T—Once transplanted—TT—Twice transplanted. FR—Field Row. S—Sheared.

Juniper Glauca Hetzi

A spreading-type evergreen, decidedly blue, rapid in growth, and stands shearing well, making fine heavy stock.

While it is not a *Chinensis*, it closely resembles *Pfitzeriana*, but has the advantages of the blue-colored foliage and is somewhat more rapid and denser in growth. It makes up more readily as a staked spreader, is much more easily propagated by cuttings and is a more rapid grower when small.

In 31 years of full line production and heavy propagation this is the only new evergreen we have really propagated in quantity. We feel that it will be worthy of our customer's confidence, and will make a profitable item.

Policy: It is our desire to get this evergreen widely distributed throughout the trade and to serve as a source of lining-out stock for the next few years. We have priced it reasonably and will endeavor to hold this price constant until affected by outside propagation. Not to be patented.

PRESENTING A

SHORT LIST

This list is issued because we feel we must keep you advised of our stock and conditions. Its issuance finds us with past season sales the heaviest in our history; with 60 inches of persistent snow which may cause considerable breakage; and with Spring bookings already abnormally heavy.

IT ALSO FINDS US

SHORT OF STOCK

Heavy sales have taken their toll.

SHORT OF TIME

Much winter work not done because of snow.

SHORT OF LABOR

Who isn't?

SHORT OF BOX LUMBER

Can only box light materials and liners. No new orders can be filled early except shade trees and liners.

**WHEN ORDERING PLEASE
BE GUIDED ACCORDINGLY.**
